In view of the increasing spread of the coronavirus in Europe and after intensive consultations, Messe Frankfurt has decided to postpone Light + Building. The world's leading trade fair for lighting and building-services technology will now be held in Frankfurt am Main between the middle and end of September 2020. The cooperation partners of the international trade fair, ZVEI and ZVEH, support this decision.

The unexpected appearance of Covid-19 in Italy since last weekend demanded a new analysis of the situation in close cooperation with the public-health authorities of the City of Frankfurt. A multi-stage health check on guests from China has been called for, the implementation of which would be extremely challenging for Messe Frankfurt. Additionally, more and more travel restrictions are being put into place thus making it difficult for both visitors and exhibitors to attend the fair. Therefore, the organisers have decided to postpone Light + Building. This decision is supported by the cooperation partners of Light + Building, the Electrical Installation Systems and the Light Working Groups of the Central Association of the German Electrical and Electronic Engineering Industry (ZVEI) and the Central Association of German Electricians (ZVEH). The foremost Italian associations also back this decision. After Germany, the largest groups of exhibitors and visitors come from China and Italy.

New dates: Light + Building in September 2020

Light + Building is the sector's most important meeting place for architects, the industry, the installation and retail / wholesale trades, and planners. As an innovation forum and interdisciplinary market place, it not only facilitates business and making contacts but also helps ensure a sustainable future. The industry has left no doubt that it absolutely needs this platform for doing business. Accordingly, Messe Frankfurt wants to ensure that the opportunities created by Light + Building remain available to all market participants in the current season. Therefore, Light + Building 2020 is being postponed and will be held in Frankfurt am Main between the middle and end of September 2020.

Background information on Messe Frankfurt

Messe Frankfurt is the world's largest trade fair, congress and event organiser with its own exhibition grounds. With more than 2,600* employees at 30 locations, the company generates annual sales of around €733* million. We have close ties with our industry sectors and serve our customers' business interests efficiently within the framework of our Fairs & Events, Locations and Services business fields. One of the Group's key USPs is its closely knit global sales network, which extends throughout the world. Our comprehensive range of services – both onsite and online – ensures that customers worldwide enjoy consistently high quality and flexibility when planning, organising and running their events. The wide range of services includes renting exhibition grounds, trade fair construction and marketing, personnel and food services. Headquartered in Frankfurt am Main, the company is owned by the City of Frankfurt (60 percent) and the State of Hesse (40 percent).
